

IALA/Buoys Quiz — Questions for Manual Review

All planned questions before implementation

Total: 134 questions
Type 1 – IALA Basics: 31
Type 2 – Charts & Lateral Marks: 23
Type 3 – Buoy Types & Lights: 48
Type 4 – Identify Buoy from Image: 32

Type 1 – IALA Basics

Acronym and country-to-region • 31 questions

1. What does IALA stand for?

- A. ☒ International Association of Marine Aids to Navigation and Lighthouse Authorities
- B. ☐ International Association for Maritime Navigation
- C. ☐ International Association of Lighthouse Authorities
- D. ☐ International Maritime Aids and Lighthouse Association

Answer: A. International Association of Marine Aids to Navigation and Lighthouse Authorities

IALA is the International Association of Marine Aids to Navigation and Lighthouse Authorities.

2. Which IALA region is United Kingdom in?

- A. ☐ Region B
- B. ☒ Region A

Answer: B. Region A

United Kingdom is in IALA Region A.

3. Which IALA region is France in?

- A. ☐ Region B
- B. ☒ Region A

Answer: B. Region A

France is in IALA Region A.

4. Which IALA region is Germany in?

- A. ☒ Region A
- B. ☐ Region B

Answer: A. Region A

Germany is in IALA Region A.

5. Which IALA region is Australia in?

- A. ☒ Region A
- B. ☐ Region B

Answer: A. Region A

Australia is in IALA Region A.

Type 1 – IALA Basics

Acronym and country-to-region • 31 questions

6. Which IALA region is New Zealand in?

- A. ☐ Region B
- B. ☒ Region A

Answer: B. Region A

New Zealand is in IALA Region A.

7. Which IALA region is South Africa in?

- A. ☐ Region B
- B. ☒ Region A

Answer: B. Region A

South Africa is in IALA Region A.

8. Which IALA region is India in?

- A. ☐ Region B
- B. ☒ Region A

Answer: B. Region A

India is in IALA Region A.

9. Which IALA region is UAE in?

- A. ☒ Region A
- B. ☐ Region B

Answer: A. Region A

UAE is in IALA Region A.

10. Which IALA region is Saudi Arabia in?

- A. ☐ Region B
- B. ☒ Region A

Answer: B. Region A

Saudi Arabia is in IALA Region A.

11. Which IALA region is Egypt in?

- A. ☐ Region B
- B. ☒ Region A

Answer: B. Region A

Egypt is in IALA Region A.

12. Which IALA region is Oman in?

- A. ☐ Region B
- B. ☒ Region A

Answer: B. Region A

Oman is in IALA Region A.

Type 1 – IALA Basics

Acronym and country-to-region • 31 questions

13. Which IALA region is Singapore in?

- A. ☒ Region A
- B. ☐ Region B

Answer: A. Region A

Singapore is in IALA Region A.

14. Which IALA region is Thailand in?

- A. ☐ Region B
- B. ☒ Region A

Answer: B. Region A

Thailand is in IALA Region A.

15. Which IALA region is Greece in?

- A. ☒ Region A
- B. ☐ Region B

Answer: A. Region A

Greece is in IALA Region A.

16. Which IALA region is Norway in?

- A. ☐ Region B
- B. ☒ Region A

Answer: B. Region A

Norway is in IALA Region A.

17. Which IALA region is United States in?

- A. ☒ Region B
- B. ☐ Region A

Answer: A. Region B

United States is in IALA Region B.

18. Which IALA region is Canada in?

- A. ☐ Region A
- B. ☒ Region B

Answer: B. Region B

Canada is in IALA Region B.

19. Which IALA region is Brazil in?

- A. ☐ Region A
- B. ☒ Region B

Answer: B. Region B

Brazil is in IALA Region B.

Type 1 – IALA Basics

Acronym and country-to-region • 31 questions

20. Which IALA region is Mexico in?

- A. ☐ Region A
- B. ☒ Region B

Answer: B. Region B

Mexico is in IALA Region B.

21. Which IALA region is Japan in?

- A. ☐ Region A
- B. ☒ Region B

Answer: B. Region B

Japan is in IALA Region B.

22. Which IALA region is South Korea in?

- A. ☐ Region A
- B. ☒ Region B

Answer: B. Region B

South Korea is in IALA Region B.

23. Which IALA region is Philippines in?

- A. ☐ Region A
- B. ☒ Region B

Answer: B. Region B

Philippines is in IALA Region B.

24. Which IALA region is Chile in?

- A. ☐ Region A
- B. ☒ Region B

Answer: B. Region B

Chile is in IALA Region B.

25. Which IALA region is Argentina in?

- A. ☒ Region B
- B. ☐ Region A

Answer: A. Region B

Argentina is in IALA Region B.

26. Which IALA region is Colombia in?

- A. ☐ Region A
- B. ☒ Region B

Answer: B. Region B

Colombia is in IALA Region B.

Type 1 – IALA Basics

Acronym and country-to-region • 31 questions

27. Which IALA region is Jamaica in?

- A. ☒ Region B
- B. ☐ Region A

Answer: A. Region B

Jamaica is in IALA Region B.

28. Which IALA region is Venezuela in?

- A. ☐ Region A
- B. ☒ Region B

Answer: B. Region B

Venezuela is in IALA Region B.

29. Which IALA region is Panama in?

- A. ☒ Region B
- B. ☐ Region A

Answer: A. Region B

Panama is in IALA Region B.

30. Which IALA region is Ecuador in?

- A. ☒ Region B
- B. ☐ Region A

Answer: A. Region B

Ecuador is in IALA Region B.

31. Which IALA region is Peru in?

- A. ☒ Region B
- B. ☐ Region A

Answer: A. Region B

Peru is in IALA Region B.

Type 2 – Charts & Lateral Marks

Chart region, purpose, lights, A vs B • 23 questions

1. Which IALA region is this chart from?

[Image: A region.jpeg (chart showing Region A buoyage)]

- A. ☐ Region B
- B. ☒ Region A

Answer: B. Region A

Red port / green starboard indicates Region A.

2. Which IALA region is this chart from?

[Image: B region.jpeg (chart showing Region B buoyage)]

- A. ☒ Region B
- B. ☐ Region A

Answer: A. Region B

Green port / red starboard indicates Region B.

3. What is the purpose of lateral marks (port and starboard)?

- A. ☒ Indicate the port and starboard sides of the route to be followed
- B. ☐ Indicate the main or preferred channel at junctions
- C. ☐ Indicate safe water all round
- D. ☐ Indicate isolated dangers

Answer: A. Indicate the port and starboard sides of the route to be followed

Lateral markers indicate the port and starboard sides of the channel.

4. What do preferred channel markers indicate?

- A. ☐ Isolated dangers of limited extent
- B. ☒ The main, deeper, or preferred route at channel junctions
- C. ☐ Traffic separation schemes
- D. ☐ Port and starboard sides of the channel

Answer: B. The main, deeper, or preferred route at channel junctions

Preferred channel markers are red and green banded buoys at junctions indicating the preferred route.

5. What light rhythm does a normal lateral mark use when fitted?

- A. ☐ Morse code A
- B. ☒ Any rhythm other than composite group flashing (2+1)
- C. ☐ Composite group flashing (2+1) only
- D. ☐ Uninterrupted (quick) flashes

Answer: B. Any rhythm other than composite group flashing (2+1)

Normal lateral marks may use any rhythm except (2+1), which is reserved for preferred channel.

6. What light characteristic indicates a preferred channel marker?

- A. ☒ Composite group flashing (2+1)
- B. ☐ Uninterrupted quick flashes
- C. ☐ Single long flash
- D. ☐ Group of two flashes

Answer: A. Composite group flashing (2+1)

Composite group flashing (2+1) indicates a preferred channel marker.

Type 2 – Charts & Lateral Marks

Chart region, purpose, lights, A vs B • 23 questions

7. How do Region A and Region B differ for lateral marks?

- A. [*] Colour swap: red/green for port/starboard are reversed
- B. [] Shape differences
- C. [] Light rhythm differences
- D. [] No difference

Answer: A. Colour swap: red/green for port/starboard are reversed

Region A: red port, green starboard. Region B: green port, red starboard when entering from seaward.

8. In Region A, what colour marks the port side when entering from seaward?

- A. [] White
- B. [*] Red
- C. [] Green
- D. [] Yellow

Answer: B. Red

In Region A, red marks port side and green marks starboard.

9. In Region A, what colour marks the starboard side when entering from seaward?

- A. [] White
- B. [] Yellow
- C. [] Red
- D. [*] Green

Answer: D. Green

In Region A, green marks starboard side.

10. In Region B, what colour marks the port side when entering from seaward?

- A. [] Yellow
- B. [*] Green
- C. [] Red
- D. [] White

Answer: B. Green

In Region B, green marks port side and red marks starboard.

11. In Region B, what colour marks the starboard side when entering from seaward?

- A. [*] Red
- B. [] Green
- C. [] Yellow
- D. [] White

Answer: A. Red

In Region B, red marks starboard side.

12. In Region A, what light colour and rhythm indicates a port preferred channel marker?

- A. [] Yellow flashing
- B. [*] Red (2+1)
- C. [] White occulting
- D. [] Green (2+1)

Answer: B. Red (2+1)

In Region A, red composite (2+1) indicates port preferred.

13. In Region A, what light colour and rhythm indicates a starboard preferred channel marker?

- A. [*] Green (2+1)
- B. [] White occulting
- C. [] Yellow flashing
- D. [] Red (2+1)

Answer: A. Green (2+1)

In Region A, green composite (2+1) indicates starboard preferred.

14. In Region B, what light colour and rhythm indicates a port preferred channel marker?

- A. [*] Green (2+1)
- B. [] White occulting
- C. [] Red (2+1)
- D. [] Yellow flashing

Answer: A. Green (2+1)

In Region B, green composite (2+1) indicates port preferred.

15. In Region B, what light colour and rhythm indicates a starboard preferred channel marker?

- A. [] White occulting
- B. [] Green (2+1)
- C. [*] Red (2+1)
- D. [] Yellow flashing

Answer: C. Red (2+1)

In Region B, red composite (2+1) indicates starboard preferred.

16. What does the top band colour indicate on a preferred channel marker?

- A. [] The water depth
- B. [] Danger ahead
- C. [*] The preferred channel side (red or green band shows which side is preferred)
- D. [] The direction of buoyage

Answer: C. The preferred channel side (red or green band shows which side is preferred)

The top band colour indicates the preferred channel side — red top = preferred to port, green top = preferred to starboard (in Region A; reversed in B).

17. What are preferred channel markers used for?

- A. [*] Channel junctions to indicate the main, deeper, or preferred route
- B. [] Marking the port and starboard sides of a single channel
- C. [] Indicating safe water all round
- D. [] Marking isolated dangers

Answer: A. Channel junctions to indicate the main, deeper, or preferred route

Preferred channel markers are red and green banded buoys at channel junctions indicating the preferred route.

18. Which side does this lateral mark indicate?

[Image: Lateral-Marker-Port-Region-A.png]

- A. [*] Port side
- B. [] Preferred channel
- C. [] Safe water
- D. [] Starboard side

Answer: A. Port side

A red can-shaped buoy in Region A marks the port side.

Type 2 – Charts & Lateral Marks

Chart region, purpose, lights, A vs B • 23 questions

19. Which side does this lateral mark indicate?

[Image: Lateral-Marker-Starboard-Region-A.png]

- A. ☒ Starboard side
- B. ☐ Preferred channel
- C. ☐ Safe water
- D. ☐ Port side

Answer: A. Starboard side

A green conical buoy in Region A marks the starboard side.

20. Which IALA region is this lateral mark from?

[Image: Lateral-Marker-Port-Region-B.png (green port)]

- A. ☒ Region B
- B. ☐ Region A
- C. ☐ Neither
- D. ☐ Both regions

Answer: A. Region B

Green marks port in Region B; in Region A, red marks port.

21. Which IALA region is this lateral mark from?

[Image: Lateral-Marker-Starboard-Region-B.png (red starboard)]

- A. ☐ Region A
- B. ☒ Region B
- C. ☐ Neither
- D. ☐ Both regions

Answer: B. Region B

Red marks starboard in Region B; in Region A, green marks starboard.

22. What type of marker is this?

[Image: Lateral-Marker-Port-Preferred-Region-A.png]

- A. ☐ Cardinal mark
- B. ☐ Lateral port mark
- C. ☒ Preferred channel (port preferred, Region A)
- D. ☐ Safe water mark

Answer: C. Preferred channel (port preferred, Region A)

Red and green horizontal bands with red on top indicates port preferred in Region A.

23. Lateral markers are used in conjunction with what?

- A. ☒ A conventional direction of buoyage
- B. ☐ The depth of water
- C. ☐ The compass direction
- D. ☐ Traffic separation schemes only

Answer: A. A conventional direction of buoyage

Lateral markers indicate port and starboard relative to a conventional direction of buoyage (usually entering from seaward).

Type 3 – Buoy Types & Lights

Purpose and light colour/rhythm per buoy • 48 questions

1. What is the purpose of Lateral mark (port, Region A)?

- A. ☐ Mark isolated dangers
- B. ☐ Indicate starboard side of channel
- C. ☐ Indicate traffic separation
- D. ☒ Indicate port side of channel

Answer: D. Indicate port side of channel

Indicate port side of channel

2. What does a Lateral mark (port, Region A) indicate to a mariner?

- A. ☐ Keep to starboard when entering
- B. ☐ Danger — do not pass
- C. ☒ Indicate port side of channel
- D. ☐ Anchorage permitted

Answer: C. Indicate port side of channel

Indicate port side of channel

3. What light colour/rhythm does Lateral mark (port, Region A) show?

- A. ☒ Red, any rhythm except (2+1)
- B. ☐ White, morse A
- C. ☐ Yellow, any rhythm
- D. ☐ Red, (2+1)

Answer: A. Red, any rhythm except (2+1)

Red, any rhythm except (2+1)

4. What is the purpose of Lateral mark (starboard, Region A)?

- A. ☒ Indicate starboard side of channel
- B. ☐ Indicate starboard side of channel
- C. ☐ Mark isolated dangers
- D. ☐ Indicate traffic separation

Answer: A. Indicate starboard side of channel

Indicate starboard side of channel

5. What does a Lateral mark (starboard, Region A) indicate to a mariner?

- A. ☐ Danger — do not pass
- B. ☐ Anchorage permitted
- C. ☒ Indicate starboard side of channel
- D. ☐ Keep to starboard when entering

Answer: C. Indicate starboard side of channel

Indicate starboard side of channel

6. What light colour/rhythm does Lateral mark (starboard, Region A) show?

- A. ☐ Red, (2+1)
- B. ☐ Yellow, any rhythm
- C. ☒ Green, any rhythm except (2+1)
- D. ☐ White, morse A

Answer: C. Green, any rhythm except (2+1)

Green, any rhythm except (2+1)

7. What is the purpose of Lateral mark (port, Region B)?

- A. [*] Indicate port side of channel
- B. [] Indicate starboard side of channel
- C. [] Indicate traffic separation
- D. [] Mark isolated dangers

Answer: A. Indicate port side of channel

Indicate port side of channel

8. What does a Lateral mark (port, Region B) indicate to a mariner?

- A. [*] Indicate port side of channel
- B. [] Keep to starboard when entering
- C. [] Danger — do not pass
- D. [] Anchorage permitted

Answer: A. Indicate port side of channel

Indicate port side of channel

9. What light colour/rhythm does Lateral mark (port, Region B) show?

- A. [] Yellow, any rhythm
- B. [*] Green, any rhythm except (2+1)
- C. [] White, morse A
- D. [] Red, (2+1)

Answer: B. Green, any rhythm except (2+1)

Green, any rhythm except (2+1)

10. What is the purpose of Lateral mark (starboard, Region B)?

- A. [*] Indicate starboard side of channel
- B. [] Indicate traffic separation
- C. [] Indicate starboard side of channel
- D. [] Mark isolated dangers

Answer: A. Indicate starboard side of channel

Indicate starboard side of channel

11. What does a Lateral mark (starboard, Region B) indicate to a mariner?

- A. [] Danger — do not pass
- B. [*] Indicate starboard side of channel
- C. [] Keep to starboard when entering
- D. [] Anchorage permitted

Answer: B. Indicate starboard side of channel

Indicate starboard side of channel

12. What light colour/rhythm does Lateral mark (starboard, Region B) show?

- A. [] Red, (2+1)
- B. [] White, morse A
- C. [*] Red, any rhythm except (2+1)
- D. [] Yellow, any rhythm

Answer: C. Red, any rhythm except (2+1)

Red, any rhythm except (2+1)

Type 3 – Buoy Types & Lights

Purpose and light colour/rhythm per buoy • 48 questions

13. What is the purpose of Preferred channel (port, Region A)?

- A. ☐ Indicate starboard side of channel
- B. ☐ Indicate traffic separation
- C. ☒ Indicate preferred route at junction
- D. ☐ Mark isolated dangers

Answer: C. Indicate preferred route at junction

Indicate preferred route at junction

14. What does a Preferred channel (port, Region A) indicate to a mariner?

- A. ☐ Keep to starboard when entering
- B. ☐ Anchorage permitted
- C. ☒ Indicate preferred route at junction
- D. ☐ Danger — do not pass

Answer: C. Indicate preferred route at junction

Indicate preferred route at junction

15. What light colour/rhythm does Preferred channel (port, Region A) show?

- A. ☐ Yellow, any rhythm
- B. ☐ Red, (2+1)
- C. ☐ White, morse A
- D. ☒ Red, composite (2+1)

Answer: D. Red, composite (2+1)

Red, composite (2+1)

16. What is the purpose of Preferred channel (starboard, Region A)?

- A. ☒ Indicate preferred route at junction
- B. ☐ Indicate traffic separation
- C. ☐ Indicate starboard side of channel
- D. ☐ Mark isolated dangers

Answer: A. Indicate preferred route at junction

Indicate preferred route at junction

17. What does a Preferred channel (starboard, Region A) indicate to a mariner?

- A. ☐ Keep to starboard when entering
- B. ☐ Anchorage permitted
- C. ☐ Danger — do not pass
- D. ☒ Indicate preferred route at junction

Answer: D. Indicate preferred route at junction

Indicate preferred route at junction

18. What light colour/rhythm does Preferred channel (starboard, Region A) show?

- A. ☐ Yellow, any rhythm
- B. ☐ White, morse A
- C. ☒ Green, composite (2+1)
- D. ☐ Red, (2+1)

Answer: C. Green, composite (2+1)

Green, composite (2+1)

19. What is the purpose of Preferred channel (port, Region B)?

- A. ☐ Mark isolated dangers
- B. ☒ Indicate preferred route at junction
- C. ☐ Indicate starboard side of channel
- D. ☐ Indicate traffic separation

Answer: B. Indicate preferred route at junction

Indicate preferred route at junction

20. What does a Preferred channel (port, Region B) indicate to a mariner?

- A. ☐ Danger — do not pass
- B. ☒ Indicate preferred route at junction
- C. ☐ Keep to starboard when entering
- D. ☐ Anchorage permitted

Answer: B. Indicate preferred route at junction

Indicate preferred route at junction

21. What light colour/rhythm does Preferred channel (port, Region B) show?

- A. ☐ Red, (2+1)
- B. ☒ Green, composite (2+1)
- C. ☐ White, morse A
- D. ☐ Yellow, any rhythm

Answer: B. Green, composite (2+1)

Green, composite (2+1)

22. What is the purpose of Preferred channel (starboard, Region B)?

- A. ☐ Indicate starboard side of channel
- B. ☒ Indicate preferred route at junction
- C. ☐ Mark isolated dangers
- D. ☐ Indicate traffic separation

Answer: B. Indicate preferred route at junction

Indicate preferred route at junction

23. What does a Preferred channel (starboard, Region B) indicate to a mariner?

- A. ☐ Keep to starboard when entering
- B. ☒ Indicate preferred route at junction
- C. ☐ Danger — do not pass
- D. ☐ Anchorage permitted

Answer: B. Indicate preferred route at junction

Indicate preferred route at junction

24. What light colour/rhythm does Preferred channel (starboard, Region B) show?

- A. ☐ Red, (2+1)
- B. ☐ White, morse A
- C. ☒ Red, composite (2+1)
- D. ☐ Yellow, any rhythm

Answer: C. Red, composite (2+1)

Red, composite (2+1)

Type 3 – Buoy Types & Lights

Purpose and light colour/rhythm per buoy • 48 questions

25. What is the purpose of Cardinal North?

- A. ☐ Indicate traffic separation
- B. ☒ Best navigable water is north of the mark
- C. ☐ Mark isolated dangers
- D. ☐ Indicate starboard side of channel

Answer: B. Best navigable water is north of the mark

Best navigable water is north of the mark

26. What does a Cardinal North indicate to a mariner?

- A. ☒ Best navigable water is north of the mark
- B. ☐ Keep to starboard when entering
- C. ☐ Danger — do not pass
- D. ☐ Anchorage permitted

Answer: A. Best navigable water is north of the mark

Best navigable water is north of the mark

27. What light colour/rhythm does Cardinal North show?

- A. ☒ White, uninterrupted (Q or VQ)
- B. ☐ Yellow, any rhythm
- C. ☐ White, morse A
- D. ☐ Red, (2+1)

Answer: A. White, uninterrupted (Q or VQ)

White, uninterrupted (Q or VQ)

28. What is the purpose of Cardinal East?

- A. ☐ Mark isolated dangers
- B. ☐ Indicate traffic separation
- C. ☐ Indicate starboard side of channel
- D. ☒ Best navigable water is east of the mark

Answer: D. Best navigable water is east of the mark

Best navigable water is east of the mark

29. What does a Cardinal East indicate to a mariner?

- A. ☒ Best navigable water is east of the mark
- B. ☐ Keep to starboard when entering
- C. ☐ Anchorage permitted
- D. ☐ Danger — do not pass

Answer: A. Best navigable water is east of the mark

Best navigable water is east of the mark

30. What light colour/rhythm does Cardinal East show?

- A. ☐ Yellow, any rhythm
- B. ☒ White, 3 flashes in a group
- C. ☐ White, morse A
- D. ☐ Red, (2+1)

Answer: B. White, 3 flashes in a group

White, 3 flashes in a group

31. What is the purpose of Cardinal South?

- A. ☐ Indicate starboard side of channel
- B. ☐ Mark isolated dangers
- C. ☒ Best navigable water is south of the mark
- D. ☐ Indicate traffic separation

Answer: C. Best navigable water is south of the mark

Best navigable water is south of the mark

32. What does a Cardinal South indicate to a mariner?

- A. ☐ Keep to starboard when entering
- B. ☒ Best navigable water is south of the mark
- C. ☐ Anchorage permitted
- D. ☐ Danger — do not pass

Answer: B. Best navigable water is south of the mark

Best navigable water is south of the mark

33. What light colour/rhythm does Cardinal South show?

- A. ☐ Red, (2+1)
- B. ☒ White, 6 flashes + 1 long
- C. ☐ White, morse A
- D. ☐ Yellow, any rhythm

Answer: B. White, 6 flashes + 1 long

White, 6 flashes + 1 long

34. What is the purpose of Cardinal West?

- A. ☐ Indicate traffic separation
- B. ☐ Mark isolated dangers
- C. ☐ Indicate starboard side of channel
- D. ☒ Best navigable water is west of the mark

Answer: D. Best navigable water is west of the mark

Best navigable water is west of the mark

35. What does a Cardinal West indicate to a mariner?

- A. ☒ Best navigable water is west of the mark
- B. ☐ Anchorage permitted
- C. ☐ Keep to starboard when entering
- D. ☐ Danger — do not pass

Answer: A. Best navigable water is west of the mark

Best navigable water is west of the mark

36. What light colour/rhythm does Cardinal West show?

- A. ☐ Yellow, any rhythm
- B. ☒ White, 9 flashes in a group
- C. ☐ Red, (2+1)
- D. ☐ White, morse A

Answer: B. White, 9 flashes in a group

White, 9 flashes in a group

Type 3 – Buoy Types & Lights

Purpose and light colour/rhythm per buoy • 48 questions

37. What is the purpose of Isolated danger mark?

- A. ☐ Mark isolated dangers
- B. ☐ Indicate traffic separation
- C. ☐ Indicate starboard side of channel
- D. ☒ Mark isolated dangers with navigable water all round

Answer: D. Mark isolated dangers with navigable water all round

Mark isolated dangers with navigable water all round

38. What does a Isolated danger mark indicate to a mariner?

- A. ☐ Danger — do not pass
- B. ☐ Anchorage permitted
- C. ☐ Keep to starboard when entering
- D. ☒ Mark isolated dangers with navigable water all round

Answer: D. Mark isolated dangers with navigable water all round

Mark isolated dangers with navigable water all round

39. What light colour/rhythm does Isolated danger mark show?

- A. ☐ Red, (2+1)
- B. ☒ White, group of two flashes
- C. ☐ Yellow, any rhythm
- D. ☐ White, morse A

Answer: B. White, group of two flashes

White, group of two flashes

40. What is the purpose of Safe water mark?

- A. ☐ Indicate starboard side of channel
- B. ☒ Indicate navigable water all round (centreline, landfall, etc.)
- C. ☐ Indicate traffic separation
- D. ☐ Mark isolated dangers

Answer: B. Indicate navigable water all round (centreline, landfall, etc.)

Indicate navigable water all round (centreline, landfall, etc.)

41. What does a Safe water mark indicate to a mariner?

- A. ☐ Danger — do not pass
- B. ☐ Keep to starboard when entering
- C. ☐ Anchorage permitted
- D. ☒ Indicate navigable water all round (centreline, landfall, etc.)

Answer: D. Indicate navigable water all round (centreline, landfall, etc.)

Indicate navigable water all round (centreline, landfall, etc.)

42. What light colour/rhythm does Safe water mark show?

- A. ☐ Red, (2+1)
- B. ☐ White, morse A
- C. ☒ White, occulting/isophase/long/morse A
- D. ☐ Yellow, any rhythm

Answer: C. White, occulting/isophase/long/morse A

White, occulting/isophase/long/morse A

43. What is the purpose of Special mark?

- A. [*] Indicate areas/features (traffic schemes, spoil grounds, military zones)
- B. [] Mark isolated dangers
- C. [] Indicate starboard side of channel
- D. [] Indicate traffic separation

Answer: A. Indicate areas/features (traffic schemes, spoil grounds, military zones)

Indicate areas/features (traffic schemes, spoil grounds, military zones)

44. What does a Special mark indicate to a mariner?

- A. [*] Indicate areas/features (traffic schemes, spoil grounds, military zones)
- B. [] Anchorage permitted
- C. [] Danger — do not pass
- D. [] Keep to starboard when entering

Answer: A. Indicate areas/features (traffic schemes, spoil grounds, military zones)

Indicate areas/features (traffic schemes, spoil grounds, military zones)

45. What light colour/rhythm does Special mark show?

- A. [] Red, (2+1)
- B. [] Yellow, any rhythm
- C. [] White, morse A
- D. [*] Yellow

Answer: D. Yellow

Yellow

46. What is the purpose of Emergency wreck marking buoy?

- A. [] Indicate traffic separation
- B. [] Mark isolated dangers
- C. [*] Temporary mark for newly sunken vessels, 24–72 hours
- D. [] Indicate starboard side of channel

Answer: C. Temporary mark for newly sunken vessels, 24–72 hours

Temporary mark for newly sunken vessels, 24–72 hours

47. What does a Emergency wreck marking buoy indicate to a mariner?

- A. [] Danger — do not pass
- B. [] Keep to starboard when entering
- C. [] Anchorage permitted
- D. [*] Temporary mark for newly sunken vessels, 24–72 hours

Answer: D. Temporary mark for newly sunken vessels, 24–72 hours
