

Lights Quiz — All Questions for Manual Review

Total: 90 questions

Identify: 27 | Meaning: 27 | View: 27 | Config: 9

Identify (What type of vessel is this?)

27 questions

1. What type of vessel is this? [Diagram: Power-Driven Vessel Underway — Front view]

- A. ☐ Sailing Vessel Underway
- B. ☐ Power-Driven Vessel Over 50m
- C. ☐ Vessel Engaged in Trawling
- D. ☒ Power-Driven Vessel Underway

Answer: D. Power-Driven Vessel Underway

This is a Power-Driven Vessel Underway (Rule 23).

2. What type of vessel is this? [Diagram: Power-Driven Vessel Underway — Port view]

- A. ☐ Vessel Engaged in Trawling
- B. ☐ Power-Driven Vessel Over 50m
- C. ☐ Sailing Vessel Underway
- D. ☒ Power-Driven Vessel Underway

Answer: D. Power-Driven Vessel Underway

This is a Power-Driven Vessel Underway (Rule 23).

3. What type of vessel is this? [Diagram: Power-Driven Vessel Underway — Aft view]

- A. ☐ Sailing Vessel Underway
- B. ☐ Power-Driven Vessel Over 50m
- C. ☐ Vessel Engaged in Trawling
- D. ☒ Power-Driven Vessel Underway

Answer: D. Power-Driven Vessel Underway

This is a Power-Driven Vessel Underway (Rule 23).

4. What type of vessel is this? [Diagram: Power-Driven Vessel Over 50m — Front view]

- A. ☐ Vessel Engaged in Trawling
- B. ☒ Power-Driven Vessel Over 50m
- C. ☐ Power-Driven Vessel Underway
- D. ☐ Sailing Vessel Underway

Answer: B. Power-Driven Vessel Over 50m

This is a Power-Driven Vessel Over 50m (Rule 23(a)(i)).

5. What type of vessel is this? [Diagram: Power-Driven Vessel Over 50m — Port view]

- A. ☐ Sailing Vessel Underway
- B. ☒ Power-Driven Vessel Over 50m
- C. ☐ Vessel Engaged in Trawling
- D. ☐ Power-Driven Vessel Underway

Answer: B. Power-Driven Vessel Over 50m

This is a Power-Driven Vessel Over 50m (Rule 23(a)(i)).

6. What type of vessel is this? [Diagram: Power-Driven Vessel Over 50m — Aft view]

- A. ☐ Power-Driven Vessel Underway
- B. ☒ Power-Driven Vessel Over 50m
- C. ☐ Sailing Vessel Underway
- D. ☐ Vessel Engaged in Trawling

Answer: B. Power-Driven Vessel Over 50m

This is a Power-Driven Vessel Over 50m (Rule 23(a)(i)).

7. What type of vessel is this? [Diagram: Sailing Vessel Underway — Front view]

- A. ☐ Power-Driven Vessel Over 50m
- B. ☒ Sailing Vessel Underway
- C. ☐ Power-Driven Vessel Underway
- D. ☐ Vessel Engaged in Trawling

Answer: B. Sailing Vessel Underway

This is a Sailing Vessel Underway (Rule 25).

Identify (What type of vessel is this?)

8. What type of vessel is this? [Diagram: Sailing Vessel Underway — Port view]

- A. ☐ Power-Driven Vessel Over 50m
- B. ☐ Vessel Engaged in Trawling
- C. ☐ Power-Driven Vessel Underway
- D. ☒ Sailing Vessel Underway

Answer: D. Sailing Vessel Underway

This is a Sailing Vessel Underway (Rule 25).

9. What type of vessel is this? [Diagram: Sailing Vessel Underway — Aft view]

- A. ☐ Power-Driven Vessel Underway
- B. ☐ Vessel Engaged in Trawling
- C. ☐ Power-Driven Vessel Over 50m
- D. ☒ Sailing Vessel Underway

Answer: D. Sailing Vessel Underway

This is a Sailing Vessel Underway (Rule 25).

10. What type of vessel is this? [Diagram: Vessel Engaged in Trawling — Front view]

- A. ☒ Vessel Engaged in Trawling
- B. ☐ Power-Driven Vessel Underway
- C. ☐ Power-Driven Vessel Over 50m
- D. ☐ Sailing Vessel Underway

Answer: A. Vessel Engaged in Trawling

This is a Vessel Engaged in Trawling (Rule 26(b)).

11. What type of vessel is this? [Diagram: Vessel Engaged in Trawling — Port view]

- A. ☐ Sailing Vessel Underway
- B. ☐ Power-Driven Vessel Over 50m
- C. ☒ Vessel Engaged in Trawling
- D. ☐ Power-Driven Vessel Underway

Answer: C. Vessel Engaged in Trawling

This is a Vessel Engaged in Trawling (Rule 26(b)).

12. What type of vessel is this? [Diagram: Vessel Engaged in Trawling — Aft view]

- A. ☒ Vessel Engaged in Trawling
- B. ☐ Sailing Vessel Underway
- C. ☐ Power-Driven Vessel Over 50m
- D. ☐ Power-Driven Vessel Underway

Answer: A. Vessel Engaged in Trawling

This is a Vessel Engaged in Trawling (Rule 26(b)).

13. What type of vessel is this? [Diagram: Vessel Towing (Tow Exceeds 200m) — Front view]

- A. ☐ Sailing Vessel Underway
- B. ☐ Power-Driven Vessel Over 50m
- C. ☒ Vessel Towing (Tow Exceeds 200m)
- D. ☐ Power-Driven Vessel Underway

Answer: C. Vessel Towing (Tow Exceeds 200m)

This is a Vessel Towing (Tow Exceeds 200m) (Rule 24(a)(i)).

14. What type of vessel is this? [Diagram: Vessel Towing (Tow Exceeds 200m) — Port view]

- A. ☐ Sailing Vessel Underway
- B. ☒ Vessel Towing (Tow Exceeds 200m)
- C. ☐ Power-Driven Vessel Underway
- D. ☐ Power-Driven Vessel Over 50m

Answer: B. Vessel Towing (Tow Exceeds 200m)

This is a Vessel Towing (Tow Exceeds 200m) (Rule 24(a)(i)).

15. What type of vessel is this? [Diagram: Vessel Towing (Tow Exceeds 200m) — Aft view]

- A. ☒ Vessel Towing (Tow Exceeds 200m)
- B. ☐ Power-Driven Vessel Underway
- C. ☐ Power-Driven Vessel Over 50m
- D. ☐ Sailing Vessel Underway

Answer: A. Vessel Towing (Tow Exceeds 200m)

This is a Vessel Towing (Tow Exceeds 200m) (Rule 24(a)(i)).

Identify (What type of vessel is this?)

16. What type of vessel is this? [Diagram: Vessel Not Under Command — Front view]

- A. ☐ Sailing Vessel Underway
- B. ☒ Vessel Not Under Command
- C. ☐ Power-Driven Vessel Underway
- D. ☐ Power-Driven Vessel Over 50m

Answer: B. Vessel Not Under Command

This is a Vessel Not Under Command (Rule 27(a)).

17. What type of vessel is this? [Diagram: Vessel Not Under Command — Port view]

- A. ☒ Vessel Not Under Command
- B. ☐ Power-Driven Vessel Over 50m
- C. ☐ Sailing Vessel Underway
- D. ☐ Power-Driven Vessel Underway

Answer: A. Vessel Not Under Command

This is a Vessel Not Under Command (Rule 27(a)).

18. What type of vessel is this? [Diagram: Vessel Not Under Command — Aft view]

- A. ☐ Power-Driven Vessel Underway
- B. ☒ Vessel Not Under Command
- C. ☐ Power-Driven Vessel Over 50m
- D. ☐ Sailing Vessel Underway

Answer: B. Vessel Not Under Command

This is a Vessel Not Under Command (Rule 27(a)).

19. What type of vessel is this? [Diagram: Vessel Restricted in Ability to Maneuver — Front view]

- A. ☒ Vessel Restricted in Ability to Maneuver
- B. ☐ Power-Driven Vessel Underway
- C. ☐ Power-Driven Vessel Over 50m
- D. ☐ Sailing Vessel Underway

Answer: A. Vessel Restricted in Ability to Maneuver

This is a Vessel Restricted in Ability to Maneuver (Rule 27(b)).

20. What type of vessel is this? [Diagram: Vessel Restricted in Ability to Maneuver — Port view]

- A. ☐ Power-Driven Vessel Underway
- B. ☐ Sailing Vessel Underway
- C. ☐ Power-Driven Vessel Over 50m
- D. ☒ Vessel Restricted in Ability to Maneuver

Answer: D. Vessel Restricted in Ability to Maneuver

This is a Vessel Restricted in Ability to Maneuver (Rule 27(b)).

21. What type of vessel is this? [Diagram: Vessel Restricted in Ability to Maneuver — Aft view]

- A. ☐ Power-Driven Vessel Underway
- B. ☒ Vessel Restricted in Ability to Maneuver
- C. ☐ Power-Driven Vessel Over 50m
- D. ☐ Sailing Vessel Underway

Answer: B. Vessel Restricted in Ability to Maneuver

This is a Vessel Restricted in Ability to Maneuver (Rule 27(b)).

22. What type of vessel is this? [Diagram: Vessel Constrained by Draught — Front view]

- A. ☒ Vessel Constrained by Draught
- B. ☐ Sailing Vessel Underway
- C. ☐ Power-Driven Vessel Underway
- D. ☐ Power-Driven Vessel Over 50m

Answer: A. Vessel Constrained by Draught

This is a Vessel Constrained by Draught (Rule 28).

23. What type of vessel is this? [Diagram: Vessel Constrained by Draught — Port view]

- A. ☒ Vessel Constrained by Draught
- B. ☐ Power-Driven Vessel Over 50m
- C. ☐ Sailing Vessel Underway
- D. ☐ Power-Driven Vessel Underway

Answer: A. Vessel Constrained by Draught

This is a Vessel Constrained by Draught (Rule 28).

Identify (What type of vessel is this?)

24. What type of vessel is this? [Diagram: Vessel Constrained by Draught — Aft view]

- A. ☒ Vessel Constrained by Draught
- B. ☐ Power-Driven Vessel Over 50m
- C. ☐ Sailing Vessel Underway
- D. ☐ Power-Driven Vessel Underway

Answer: A. Vessel Constrained by Draught

This is a Vessel Constrained by Draught (Rule 28).

25. What type of vessel is this? [Diagram: Vessel Aground — Front view]

- A. ☐ Power-Driven Vessel Underway
- B. ☒ Vessel Aground
- C. ☐ Sailing Vessel Underway
- D. ☐ Power-Driven Vessel Over 50m

Answer: B. Vessel Aground

This is a Vessel Aground (Rule 30(d)).

26. What type of vessel is this? [Diagram: Vessel Aground — Port view]

- A. ☐ Sailing Vessel Underway
- B. ☐ Power-Driven Vessel Over 50m
- C. ☒ Vessel Aground
- D. ☐ Power-Driven Vessel Underway

Answer: C. Vessel Aground

This is a Vessel Aground (Rule 30(d)).

27. What type of vessel is this? [Diagram: Vessel Aground — Aft view]

- A. ☐ Power-Driven Vessel Over 50m
- B. ☒ Vessel Aground
- C. ☐ Sailing Vessel Underway
- D. ☐ Power-Driven Vessel Underway

Answer: B. Vessel Aground

This is a Vessel Aground (Rule 30(d)).

Meaning (What does this vessel indicate?)

27 questions

28. What does this vessel indicate? [Diagram: Power-Driven Vessel Underway — Front view]

- A. ☐ Power-driven vessel "e50m in length underway
- B. ☒ Power-driven vessel underway at night or in restricted visibility
- C. ☐ Vessel engaged in trawling (dragging net through water)
- D. ☐ Sailing vessel underway (not using propelling machinery)

Answer: B. Power-driven vessel underway at night or in restricted visibility
Power-driven vessel underway at night or in restricted visibility

29. What does this vessel indicate? [Diagram: Power-Driven Vessel Underway — Port view]

- A. ☐ Vessel engaged in trawling (dragging net through water)
- B. ☐ Power-driven vessel "e50m in length underway
- C. ☒ Power-driven vessel underway at night or in restricted visibility
- D. ☐ Sailing vessel underway (not using propelling machinery)

Answer: C. Power-driven vessel underway at night or in restricted visibility
Power-driven vessel underway at night or in restricted visibility

30. What does this vessel indicate? [Diagram: Power-Driven Vessel Underway — Aft view]

- A. ☐ Power-driven vessel "e50m in length underway
- B. ☐ Vessel engaged in trawling (dragging net through water)
- C. ☒ Power-driven vessel underway at night or in restricted visibility
- D. ☐ Sailing vessel underway (not using propelling machinery)

Answer: C. Power-driven vessel underway at night or in restricted visibility
Power-driven vessel underway at night or in restricted visibility

31. What does this vessel indicate? [Diagram: Power-Driven Vessel Over 50m — Front view]

- A. ☐ Sailing vessel underway (not using propelling machinery)
- B. ☒ Power-driven vessel "e50m in length underway
- C. ☐ Power-driven vessel underway at night or in restricted visibility
- D. ☐ Vessel engaged in trawling (dragging net through water)

Answer: B. Power-driven vessel "e50m in length underway
Power-driven vessel "e50m in length underway

32. What does this vessel indicate? [Diagram: Power-Driven Vessel Over 50m — Port view]

- A. ☐ Power-driven vessel underway at night or in restricted visibility
- B. ☒ Power-driven vessel "e50m in length underway
- C. ☐ Sailing vessel underway (not using propelling machinery)
- D. ☐ Vessel engaged in trawling (dragging net through water)

Answer: B. Power-driven vessel "e50m in length underway
Power-driven vessel "e50m in length underway

33. What does this vessel indicate? [Diagram: Power-Driven Vessel Over 50m — Aft view]

- A. ☒ Power-driven vessel "e50m in length underway
- B. ☐ Power-driven vessel underway at night or in restricted visibility
- C. ☐ Sailing vessel underway (not using propelling machinery)
- D. ☐ Vessel engaged in trawling (dragging net through water)

Answer: A. Power-driven vessel "e50m in length underway
Power-driven vessel "e50m in length underway

34. What does this vessel indicate? [Diagram: Sailing Vessel Underway — Front view]

- A. ☐ Power-driven vessel "e50m in length underway
- B. ☐ Power-driven vessel underway at night or in restricted visibility
- C. ☐ Vessel engaged in trawling (dragging net through water)
- D. ☒ Sailing vessel underway (not using propelling machinery)

Answer: D. Sailing vessel underway (not using propelling machinery)
Sailing vessel underway (not using propelling machinery)

35. What does this vessel indicate? [Diagram: Sailing Vessel Underway — Port view]

- A. ☐ Power-driven vessel underway at night or in restricted visibility
- B. ☐ Power-driven vessel "e50m in length underway
- C. ☐ Vessel engaged in trawling (dragging net through water)
- D. ☒ Sailing vessel underway (not using propelling machinery)

Answer: D. Sailing vessel underway (not using propelling machinery)
Sailing vessel underway (not using propelling machinery)

Meaning (What does this vessel indicate?)

36. What does this vessel indicate? [Diagram: Sailing Vessel Underway — Aft view]

- A. ☒ Sailing vessel underway (not using propelling machinery)
- B. ☐ Vessel engaged in trawling (dragging net through water)
- C. ☐ Power-driven vessel underway at night or in restricted visibility
- D. ☐ Power-driven vessel "e50m in length underway

Answer: A. Sailing vessel underway (not using propelling machinery)

Sailing vessel underway (not using propelling machinery)

37. What does this vessel indicate? [Diagram: Vessel Engaged in Trawling — Front view]

- A. ☐ Power-driven vessel underway at night or in restricted visibility
- B. ☐ Power-driven vessel "e50m in length underway
- C. ☐ Sailing vessel underway (not using propelling machinery)
- D. ☒ Vessel engaged in trawling (dragging net through water)

Answer: D. Vessel engaged in trawling (dragging net through water)

Vessel engaged in trawling (dragging net through water)

38. What does this vessel indicate? [Diagram: Vessel Engaged in Trawling — Port view]

- A. ☐ Power-driven vessel "e50m in length underway
- B. ☐ Sailing vessel underway (not using propelling machinery)
- C. ☒ Vessel engaged in trawling (dragging net through water)
- D. ☐ Power-driven vessel underway at night or in restricted visibility

Answer: C. Vessel engaged in trawling (dragging net through water)

Vessel engaged in trawling (dragging net through water)

39. What does this vessel indicate? [Diagram: Vessel Engaged in Trawling — Aft view]

- A. ☐ Power-driven vessel "e50m in length underway
- B. ☐ Sailing vessel underway (not using propelling machinery)
- C. ☒ Vessel engaged in trawling (dragging net through water)
- D. ☐ Power-driven vessel underway at night or in restricted visibility

Answer: C. Vessel engaged in trawling (dragging net through water)

Vessel engaged in trawling (dragging net through water)

40. What does this vessel indicate? [Diagram: Vessel Towing (Tow Exceeds 200m) — Front view]

- A. ☐ Power-driven vessel underway at night or in restricted visibility
- B. ☐ Power-driven vessel "e50m in length underway
- C. ☒ Vessel towing when length of tow exceeds 200 meters
- D. ☐ Sailing vessel underway (not using propelling machinery)

Answer: C. Vessel towing when length of tow exceeds 200 meters

Vessel towing when length of tow exceeds 200 meters

41. What does this vessel indicate? [Diagram: Vessel Towing (Tow Exceeds 200m) — Port view]

- A. ☐ Power-driven vessel "e50m in length underway
- B. ☒ Vessel towing when length of tow exceeds 200 meters
- C. ☐ Power-driven vessel underway at night or in restricted visibility
- D. ☐ Sailing vessel underway (not using propelling machinery)

Answer: B. Vessel towing when length of tow exceeds 200 meters

Vessel towing when length of tow exceeds 200 meters

42. What does this vessel indicate? [Diagram: Vessel Towing (Tow Exceeds 200m) — Aft view]

- A. ☐ Sailing vessel underway (not using propelling machinery)
- B. ☐ Power-driven vessel underway at night or in restricted visibility
- C. ☐ Power-driven vessel "e50m in length underway
- D. ☒ Vessel towing when length of tow exceeds 200 meters

Answer: D. Vessel towing when length of tow exceeds 200 meters

Vessel towing when length of tow exceeds 200 meters

43. What does this vessel indicate? [Diagram: Vessel Not Under Command — Front view]

- A. ☐ Power-driven vessel "e50m in length underway
- B. ☒ Vessel unable to maneuver due to exceptional circumstance
- C. ☐ Power-driven vessel underway at night or in restricted visibility
- D. ☐ Sailing vessel underway (not using propelling machinery)

Answer: B. Vessel unable to maneuver due to exceptional circumstance

Vessel unable to maneuver due to exceptional circumstance

Meaning (What does this vessel indicate?)

44. What does this vessel indicate? [Diagram: Vessel Not Under Command — Port view]

- A. ☐ Power-driven vessel "e50m in length underway
- B. ☐ Sailing vessel underway (not using propelling machinery)
- C. ☒ Vessel unable to maneuver due to exceptional circumstance
- D. ☐ Power-driven vessel underway at night or in restricted visibility

Answer: C. Vessel unable to maneuver due to exceptional circumstance
Vessel unable to maneuver due to exceptional circumstance

45. What does this vessel indicate? [Diagram: Vessel Not Under Command — Aft view]

- A. ☐ Sailing vessel underway (not using propelling machinery)
- B. ☐ Power-driven vessel "e50m in length underway
- C. ☒ Vessel unable to maneuver due to exceptional circumstance
- D. ☐ Power-driven vessel underway at night or in restricted visibility

Answer: C. Vessel unable to maneuver due to exceptional circumstance
Vessel unable to maneuver due to exceptional circumstance

46. What does this vessel indicate? [Diagram: Vessel Restricted in Ability to Maneuver — Front view]

- A. ☐ Sailing vessel underway (not using propelling machinery)
- B. ☒ Vessel restricted in ability to maneuver due to nature of her work
- C. ☐ Power-driven vessel underway at night or in restricted visibility
- D. ☐ Power-driven vessel "e50m in length underway

Answer: B. Vessel restricted in ability to maneuver due to nature of her work
Vessel restricted in ability to maneuver due to nature of her work

47. What does this vessel indicate? [Diagram: Vessel Restricted in Ability to Maneuver — Port view]

- A. ☐ Power-driven vessel "e50m in length underway
- B. ☒ Vessel restricted in ability to maneuver due to nature of her work
- C. ☐ Sailing vessel underway (not using propelling machinery)
- D. ☐ Power-driven vessel underway at night or in restricted visibility

Answer: B. Vessel restricted in ability to maneuver due to nature of her work
Vessel restricted in ability to maneuver due to nature of her work

48. What does this vessel indicate? [Diagram: Vessel Restricted in Ability to Maneuver — Aft view]

- A. ☐ Power-driven vessel "e50m in length underway
- B. ☒ Vessel restricted in ability to maneuver due to nature of her work
- C. ☐ Sailing vessel underway (not using propelling machinery)
- D. ☐ Power-driven vessel underway at night or in restricted visibility

Answer: B. Vessel restricted in ability to maneuver due to nature of her work
Vessel restricted in ability to maneuver due to nature of her work

49. What does this vessel indicate? [Diagram: Vessel Constrained by Draught — Front view]

- A. ☐ Sailing vessel underway (not using propelling machinery)
- B. ☒ Power-driven vessel severely restricted in ability to deviate by her draught
- C. ☐ Power-driven vessel underway at night or in restricted visibility
- D. ☐ Power-driven vessel "e50m in length underway

Answer: B. Power-driven vessel severely restricted in ability to deviate by her draught
Power-driven vessel severely restricted in ability to deviate by her draught

50. What does this vessel indicate? [Diagram: Vessel Constrained by Draught — Port view]

- A. ☐ Sailing vessel underway (not using propelling machinery)
- B. ☐ Power-driven vessel underway at night or in restricted visibility
- C. ☐ Power-driven vessel "e50m in length underway
- D. ☒ Power-driven vessel severely restricted in ability to deviate by her draught

Answer: D. Power-driven vessel severely restricted in ability to deviate by her draught
Power-driven vessel severely restricted in ability to deviate by her draught

51. What does this vessel indicate? [Diagram: Vessel Constrained by Draught — Aft view]

- A. ☐ Power-driven vessel "e50m in length underway
- B. ☐ Power-driven vessel underway at night or in restricted visibility
- C. ☐ Sailing vessel underway (not using propelling machinery)
- D. ☒ Power-driven vessel severely restricted in ability to deviate by her draught

Answer: D. Power-driven vessel severely restricted in ability to deviate by her draught
Power-driven vessel severely restricted in ability to deviate by her draught

Meaning (What does this vessel indicate?)

52. What does this vessel indicate? [Diagram: Vessel Aground — Front view]

- A. ☒ Vessel aground (unable to move, touching bottom)
- B. ☐ Power-driven vessel underway at night or in restricted visibility
- C. ☐ Power-driven vessel "e50m in length underway
- D. ☐ Sailing vessel underway (not using propelling machinery)

Answer: A. Vessel aground (unable to move, touching bottom)

Vessel aground (unable to move, touching bottom)

53. What does this vessel indicate? [Diagram: Vessel Aground — Port view]

- A. ☒ Vessel aground (unable to move, touching bottom)
- B. ☐ Power-driven vessel "e50m in length underway
- C. ☐ Sailing vessel underway (not using propelling machinery)
- D. ☐ Power-driven vessel underway at night or in restricted visibility

Answer: A. Vessel aground (unable to move, touching bottom)

Vessel aground (unable to move, touching bottom)

54. What does this vessel indicate? [Diagram: Vessel Aground — Aft view]

- A. ☐ Sailing vessel underway (not using propelling machinery)
- B. ☐ Power-driven vessel underway at night or in restricted visibility
- C. ☒ Vessel aground (unable to move, touching bottom)
- D. ☐ Power-driven vessel "e50m in length underway

Answer: C. Vessel aground (unable to move, touching bottom)

Vessel aground (unable to move, touching bottom)

View (From which direction is this viewed?)

27 questions

55. From which direction is this light configuration viewed? [Diagram: Power-Driven Vessel Underway]

- A. ☐ Port
- B. ☒ Front
- C. ☐ Aft

Answer: B. Front

This diagram shows the Power-Driven Vessel Underway from the Front.

56. From which direction is this light configuration viewed? [Diagram: Power-Driven Vessel Underway]

- A. ☐ Front
- B. ☐ Aft
- C. ☒ Port

Answer: C. Port

This diagram shows the Power-Driven Vessel Underway from the Port.

57. From which direction is this light configuration viewed? [Diagram: Power-Driven Vessel Underway]

- A. ☐ Port
- B. ☐ Front
- C. ☒ Aft

Answer: C. Aft

This diagram shows the Power-Driven Vessel Underway from the Aft.

58. From which direction is this light configuration viewed? [Diagram: Power-Driven Vessel Over 50m]

- A. ☐ Port
- B. ☐ Aft
- C. ☒ Front

Answer: C. Front

This diagram shows the Power-Driven Vessel Over 50m from the Front.

59. From which direction is this light configuration viewed? [Diagram: Power-Driven Vessel Over 50m]

- A. ☒ Port
- B. ☐ Aft
- C. ☐ Front

Answer: A. Port

This diagram shows the Power-Driven Vessel Over 50m from the Port.

60. From which direction is this light configuration viewed? [Diagram: Power-Driven Vessel Over 50m]

- A. ☐ Front
- B. ☒ Aft
- C. ☐ Port

Answer: B. Aft

This diagram shows the Power-Driven Vessel Over 50m from the Aft.

61. From which direction is this light configuration viewed? [Diagram: Sailing Vessel Underway]

- A. ☐ Aft
- B. ☐ Port
- C. ☒ Front

Answer: C. Front

This diagram shows the Sailing Vessel Underway from the Front.

62. From which direction is this light configuration viewed? [Diagram: Sailing Vessel Underway]

- A. ☒ Port
- B. ☐ Aft
- C. ☐ Front

Answer: A. Port

This diagram shows the Sailing Vessel Underway from the Port.

63. From which direction is this light configuration viewed? [Diagram: Sailing Vessel Underway]

- A. ☐ Port
- B. ☐ Front
- C. ☒ Aft

Answer: C. Aft

This diagram shows the Sailing Vessel Underway from the Aft.

View (From which direction is this viewed?)

64. From which direction is this light configuration viewed? [Diagram: Vessel Engaged in Trawling]

- A. ☒ Front
- B. ☐ Aft
- C. ☐ Port

Answer: A. Front

This diagram shows the Vessel Engaged in Trawling from the Front.

65. From which direction is this light configuration viewed? [Diagram: Vessel Engaged in Trawling]

- A. ☒ Port
- B. ☐ Front
- C. ☐ Aft

Answer: A. Port

This diagram shows the Vessel Engaged in Trawling from the Port.

66. From which direction is this light configuration viewed? [Diagram: Vessel Engaged in Trawling]

- A. ☒ Aft
- B. ☐ Port
- C. ☐ Front

Answer: A. Aft

This diagram shows the Vessel Engaged in Trawling from the Aft.

67. From which direction is this light configuration viewed? [Diagram: Vessel Towing (Tow Exceeds 200m)]

- A. ☐ Port
- B. ☒ Front
- C. ☐ Aft

Answer: B. Front

This diagram shows the Vessel Towing (Tow Exceeds 200m) from the Front.

68. From which direction is this light configuration viewed? [Diagram: Vessel Towing (Tow Exceeds 200m)]

- A. ☐ Front
- B. ☒ Port
- C. ☐ Aft

Answer: B. Port

This diagram shows the Vessel Towing (Tow Exceeds 200m) from the Port.

69. From which direction is this light configuration viewed? [Diagram: Vessel Towing (Tow Exceeds 200m)]

- A. ☐ Port
- B. ☐ Front
- C. ☒ Aft

Answer: C. Aft

This diagram shows the Vessel Towing (Tow Exceeds 200m) from the Aft.

70. From which direction is this light configuration viewed? [Diagram: Vessel Not Under Command]

- A. ☒ Front
- B. ☐ Port
- C. ☐ Aft

Answer: A. Front

This diagram shows the Vessel Not Under Command from the Front.

71. From which direction is this light configuration viewed? [Diagram: Vessel Not Under Command]

- A. ☐ Aft
- B. ☐ Front
- C. ☒ Port

Answer: C. Port

This diagram shows the Vessel Not Under Command from the Port.

72. From which direction is this light configuration viewed? [Diagram: Vessel Not Under Command]

- A. ☐ Front
- B. ☐ Port
- C. ☒ Aft

Answer: C. Aft

This diagram shows the Vessel Not Under Command from the Aft.

View (From which direction is this viewed?)

73. From which direction is this light configuration viewed? [Diagram: Vessel Restricted in Ability to Maneuver]

- A. ☒ Front
- B. ☐ Port
- C. ☐ Aft

Answer: A. Front

This diagram shows the Vessel Restricted in Ability to Maneuver from the Front.

74. From which direction is this light configuration viewed? [Diagram: Vessel Restricted in Ability to Maneuver]

- A. ☒ Port
- B. ☐ Front
- C. ☐ Aft

Answer: A. Port

This diagram shows the Vessel Restricted in Ability to Maneuver from the Port.

75. From which direction is this light configuration viewed? [Diagram: Vessel Restricted in Ability to Maneuver]

- A. ☐ Port
- B. ☒ Aft
- C. ☐ Front

Answer: B. Aft

This diagram shows the Vessel Restricted in Ability to Maneuver from the Aft.

76. From which direction is this light configuration viewed? [Diagram: Vessel Constrained by Draught]

- A. ☒ Front
- B. ☐ Port
- C. ☐ Aft

Answer: A. Front

This diagram shows the Vessel Constrained by Draught from the Front.

77. From which direction is this light configuration viewed? [Diagram: Vessel Constrained by Draught]

- A. ☒ Port
- B. ☐ Aft
- C. ☐ Front

Answer: A. Port

This diagram shows the Vessel Constrained by Draught from the Port.

78. From which direction is this light configuration viewed? [Diagram: Vessel Constrained by Draught]

- A. ☐ Front
- B. ☒ Aft
- C. ☐ Port

Answer: B. Aft

This diagram shows the Vessel Constrained by Draught from the Aft.

79. From which direction is this light configuration viewed? [Diagram: Vessel Aground]

- A. ☐ Aft
- B. ☐ Port
- C. ☒ Front

Answer: C. Front

This diagram shows the Vessel Aground from the Front.

80. From which direction is this light configuration viewed? [Diagram: Vessel Aground]

- A. ☒ Port
- B. ☐ Front
- C. ☐ Aft

Answer: A. Port

This diagram shows the Vessel Aground from the Port.

81. From which direction is this light configuration viewed? [Diagram: Vessel Aground]

- A. ☐ Port
- B. ☐ Front
- C. ☒ Aft

Answer: C. Aft

This diagram shows the Vessel Aground from the Aft.

9 questions

82. What lights does a Power-Driven Vessel Underway display?

- A. ☐ Red port and green starboard sidelights, white stern light. NO masthead light.
- B. ☐ GREEN all-round light OVER white all-round light (both 360°), plus sidelights and stern light when making way
- C. ☒ Masthead light (white, 225° arc), sidelights (red port/green starboard, 112.5° each), stern light (white, 135° arc)
- D. ☐ Two white masthead lights in vertical line (aft higher), red port/green starboard sidelights, white stern light

Answer: C. Masthead light (white, 225° arc), sidelights (red port/green starboard, 112.5° each), stern light (white, 135° arc)
Masthead light (white, 225° arc), sidelights (red port/green starboard, 112.5° each), stern light (white, 135° arc)

83. What lights does a Power-Driven Vessel Over 50m display?

- A. ☐ Red port and green starboard sidelights, white stern light. NO masthead light.
- B. ☒ Two white masthead lights in vertical line (aft higher), red port/green starboard sidelights, white stern light
- C. ☐ Masthead light (white, 225° arc), sidelights (red port/green starboard, 112.5° each), stern light (white, 135° arc)
- D. ☐ GREEN all-round light OVER white all-round light (both 360°), plus sidelights and stern light when making way

Answer: B. Two white masthead lights in vertical line (aft higher), red port/green starboard sidelights, white stern light
Two white masthead lights in vertical line (aft higher), red port/green starboard sidelights, white stern light

84. What lights does a Sailing Vessel Underway display?

- A. ☐ Masthead light (white, 225° arc), sidelights (red port/green starboard, 112.5° each), stern light (white, 135° arc)
- B. ☐ GREEN all-round light OVER white all-round light (both 360°), plus sidelights and stern light when making way
- C. ☐ Two white masthead lights in vertical line (aft higher), red port/green starboard sidelights, white stern light
- D. ☒ Red port and green starboard sidelights, white stern light. NO masthead light.

Answer: D. Red port and green starboard sidelights, white stern light. NO masthead light.
Red port and green starboard sidelights, white stern light. NO masthead light.

85. What lights does a Vessel Engaged in Trawling display?

- A. ☒ GREEN all-round light OVER white all-round light (both 360°), plus sidelights and stern light when making way
- B. ☐ Red port and green starboard sidelights, white stern light. NO masthead light.
- C. ☐ Masthead light (white, 225° arc), sidelights (red port/green starboard, 112.5° each), stern light (white, 135° arc)
- D. ☐ Two white masthead lights in vertical line (aft higher), red port/green starboard sidelights, white stern light

Answer: A. GREEN all-round light OVER white all-round light (both 360°), plus sidelights and stern light when making way
GREEN all-round light OVER white all-round light (both 360°), plus sidelights and stern light when making way

86. What lights does a Vessel Towing (Tow Exceeds 200m) display?

- A. ☒ Three white masthead lights in vertical line, sidelights, yellow towing light above white stern light
- B. ☐ Red port and green starboard sidelights, white stern light. NO masthead light.
- C. ☐ Masthead light (white, 225° arc), sidelights (red port/green starboard, 112.5° each), stern light (white, 135° arc)
- D. ☐ Two white masthead lights in vertical line (aft higher), red port/green starboard sidelights, white stern light

Answer: A. Three white masthead lights in vertical line, sidelights, yellow towing light above white stern light
Three white masthead lights in vertical line, sidelights, yellow towing light above white stern light

87. What lights does a Vessel Not Under Command display?

- A. ☒ Two red all-round lights in vertical line (360°). No masthead, sidelights, or stern lights unless making way.
- B. ☐ Masthead light (white, 225° arc), sidelights (red port/green starboard, 112.5° each), stern light (white, 135° arc)
- C. ☐ Red port and green starboard sidelights, white stern light. NO masthead light.
- D. ☐ Two white masthead lights in vertical line (aft higher), red port/green starboard sidelights, white stern light

Answer: A. Two red all-round lights in vertical line (360°). No masthead, sidelights, or stern lights unless making way.
Two red all-round lights in vertical line (360°). No masthead, sidelights, or stern lights unless making way.

88. What lights does a Vessel Restricted in Ability to Maneuver display?

- A. ☒ Red-white-red all-round lights in vertical line, plus masthead light(s), sidelights, stern light when making way
- B. ☐ Masthead light (white, 225° arc), sidelights (red port/green starboard, 112.5° each), stern light (white, 135° arc)
- C. ☐ Two white masthead lights in vertical line (aft higher), red port/green starboard sidelights, white stern light
- D. ☐ Red port and green starboard sidelights, white stern light. NO masthead light.

Answer: A. Red-white-red all-round lights in vertical line, plus masthead light(s), sidelights, stern light when making way
Red-white-red all-round lights in vertical line, plus masthead light(s), sidelights, stern light when making way

89. What lights does a Vessel Constrained by Draught display?

- A. ☐ Two white masthead lights in vertical line (aft higher), red port/green starboard sidelights, white stern light
- B. ☒ Full power-driven vessel lights (Rule 23) plus three all-round red lights in vertical line
- C. ☐ Red port and green starboard sidelights, white stern light. NO masthead light.
- D. ☐ Masthead light (white, 225° arc), sidelights (red port/green starboard, 112.5° each), stern light (white, 135° arc)

Answer: B. Full power-driven vessel lights (Rule 23) plus three all-round red lights in vertical line
Full power-driven vessel lights (Rule 23) plus three all-round red lights in vertical line

Config (What lights does this vessel display?)

90. What lights does a Vessel Aground display?

- A. ☐ Two white masthead lights in vertical line (aft higher), red port/green starboard sidelights, white stern light
- B. ☐ Masthead light (white, 225° arc), sidelights (red port/green starboard, 112.5° each), stern light (white, 135° arc)
- C. ☒ Anchor lights (fore and stern white all-round) plus two red all-round lights in vertical line
- D. ☐ Red port and green starboard sidelights, white stern light. NO masthead light.

Answer: C. Anchor lights (fore and stern white all-round) plus two red all-round lights in vertical line

Anchor lights (fore and stern white all-round) plus two red all-round lights in vertical line
