

FOST TRAINING RULE OF THE ROAD TEST JAN 17

This test is based on: The International Regulations for Preventing Collisions at Sea (1972) with amendments in force up to December 2009 as detailed in "A Seaman's Guide Pocket Book of The International Regulations for Preventing Collisions at Sea" (BR 453 Supp), ATP1(G) Vol I and the Mariners Handbook (NP100).

The test is designed to be given to any Warfare Officer, Deck officer, Officer undertaking bridge watch-keeping duties or Young Officer/Cadet. The test should be administered under written exam conditions, the results should be recorded in the OOW training records for inspection by FOST navigation staff. The exam should take no longer than 1 hr.

In this test, any change in the status of the ship or of the environment will be indicated in the script. Rules 1 to 19, 34, 35 and Annex IV must be known instinctively for instant application. A thorough knowledge of the other rules is required. The pass mark is 90%.

PART 1

1. You are the NO on HMS MONMOUTH and your team is ready and prepared for a MASC day with FOST. You sail at 0730 iaw movements. At what point are you considered to be underway? (R 3(i)) **(3)**

2. Now the ship is heading South passing Penlee Pt (you are in open sea) towards the SCEXA's, you sight ahead a sailing vessel close to your navigation track, who shall the sailing vessels keep clear of? (R. 18b) **(3)**

3. The sailing vessel is now on your R45. She is on a steady bearing.
 - a) Is this a crossing situation within the definition of the Rules? (R. 15) **(2)**

b) Who is the Give Way vessel? (R. 18a)

(1)

c) If required by the Rules, what action should you take to avoid collision? (R. 16)

(1)

4. One of the junior OOW mentions that a German Tanker is under FOST training programme and will be active in the areas, what do the Rules state about the positioning of her navigation lights? (R. 1e) **(3)**

5. When do the Rules state navigation lights should be displayed and what do the Rules state about showing other lights as well as navigation lights?(R 20b, c) **(6)**

6. The next serial during MASC programme is a CACREX, visibility is currently 6nm however snow has been forecast.

If it does start to snow would this constitute 'Restricted visibility' within the meaning of the rules? Why? (R. 3l) **(2)**

7. Visibility starts to decrease;

a) What do the Rules state about use of radar? (R. 7b) **(2)**

b) What are the ranges of your masthead lights, side lights and sternlights? (R. 22a) **(3)**

c) What signal do you sound and at what interval? (R. 35a) **(1)**

d) How long is a 'prolonged blast'? (R. 32c) **(1)**

8. The visibility improves, what do the rules state about keeping a good lookout?(R.5) **(3)**

Following your training, your lookout reports the German Tanker and 4 others foreign ships conducting RAS and flying operations.

9. Who has priority between the RAS group and the unit launching her helo? (ATP 1E) **(2)**

Unfortunately for the MASC programme the visibility starts to decrease again and the FOST SWON staff, take this chance to check the blind pilotage organisation.

10. Your port lookout reports:

G
W
G R

- a) What type of vessel is this? (R. 26bi) **(1)**
- b) Can you determine, from these lights alone, if the vessel is underway? (R. 26biii) **(1)**
- c) What sound signal should this vessel be making? (R. 35c) **(2)**

The visibility improves, the XO is on the bridge and he reports a small group of sailing vessels near the breakwater.

17. How do the Rules describe the windward side of a sailing vessel? (R.12b) (1)

18. You request a sound sitrep from Longroom in preparation for your BTX when the SCC request an "Emergency Stop" on both shafts. What condition can you now claim?(R.3) (1)

19. What shapes, if any, will you now show? (R.27) (1)

20. If a Risk of collision existed between you and the sailing vessel, would this change the situation (R.18b) (2)

SCC resolved the "Emergency Stop" in both shafts and your XO is content to BTX as soon as possible. Your lookouts report a fastboat north of the breakwater near your BTX Navtrack.

21. What vessels shall not impede the passage of a vessel which can safely navigate only within a Narrow Channel or Fairway?. (3)

You finish your BTX safely and the ship will stay at anchor until next serial with FOST in a couple of days.

TOTAL _____ / 45

FOST TRAINING RULE OF THE ROAD TEST JAN 17

ANSWERS

This test is based on: The International Regulations for Preventing Collisions at Sea (1972) with amendments in force up to December 2009 as detailed in "A Seaman's Guide Pocket Book of The International Regulations for Preventing Collisions at Sea" (BR 453 Supp), ATP1(G) Vol I and the Mariners Handbook (NP100).

The test is designed to be given to any Warfare Officer, Deck officer, Officer undertaking bridge watch-keeping duties or Young Officer/Cadet. The test should be administered under written exam conditions, the results should be recorded in the OOW training records for inspection by FOST navigation staff. The exam should take no longer than 1 hr.

In this test, any change in the status of the ship or of the environment will be indicated in the script. Rules 1 to 19, 34, 35 and Annex IV must be known instinctively for instant application. A thorough knowledge of the other rules is required. The pass mark is 90%.

PART 1

3. You are the NO on HMS MONMOUTH and your team is ready and prepared for a MASC day with FOST. You sail at 0730 iaw movements. At what point are you considered to be underway? (R 3(i)) **(3)**

When I'm not at anchor, or made fast to the shore or aground

4. Now the ship is heading South passing Penlee Pt (you are in open sea) towards the SCEXA's, you sight ahead a sailing vessel close to your navigation track, who shall the sailing vessels keep clear of? (R. 18b) **(3)**

A sailing vessel underway shall keep out of the way of:

- (i) a vessel Not Under Command;**
- (ii) a vessel Restricted in her Ability to Manoeuvre;**
- (iii) a vessel Engaged in Fishing.**

3. The sailing vessel is now on your R45. She is on a steady bearing.

- c) Is this a crossing situation within the definition of the Rules? (R. 15) **(2)**

NO; When two *power-driven* vessels are *Crossing* so as to involve *Risk of Collision*, the vessel which has the other on her own starboard side shall keep out of the way and shall, if the circumstances of the case admit, avoid *Crossing* ahead of the other vessel.

d) Who is the Give Way vessel? (R. 18a) (1)

You are;

A power-driven vessel underway shall keep out of the way of:

- (i) a vessel *Not Under Command*;**
- (ii) a vessel *Restricted in her Ability to Manoeuvre*;**
- (iii) a vessel *Engaged in Fishing*;**
- (iv) a sailing vessel.**

c) If required by the Rules, what action should you take to avoid collision? (R. 16) (1)

Every vessel which is directed to keep out of the way of another vessel shall, so far as possible, take early and substantial action to keep well clear.

11. One of the junior OOW mentions that a German Tanker is under FOST training programme and will be active in the areas, what do the Rules state about the positioning of her navigation lights? (R. 1e) (3)

Whenever the Government concerned shall have determined that a vessel of special construction or purpose cannot comply fully with the provisions of any of these Rules with respect to the number, position, range or arc of visibility of lights or shapes, as well as to the disposition and characteristics of sound-signalling appliances, such vessel shall comply with such other provisions in regard to the number, position, range or arc of visibility of lights or shapes, as well as to the disposition and characteristics of sound-signalling appliances, as her Government shall have determined to be the closest possible compliance with these Rules in respect of that vessel.

12. When do the Rules state navigation lights should be displayed and what do the Rules state about showing other lights as well as navigation lights?(R 20b, c) (6)

From sunset to sunrise (1), in conditions of restricted visibility (1) and when deemed necessary (1).

During such times no other lights shall be exhibited (1), except such lights which cannot be mistaken... do not impair their visibility or distinctive character (1)... do not interfere with keeping a proper lookout (1).

13. The next serial during MASC programme is a CACREX, visibility is currently 6nm however snow has been forecast.

If it does start to snow would this constitute 'Restricted visibility' within the meaning of the rules? Why? (R. 3l) (2)

Yes, provided that it restricts visibility.

The term '*Restricted Visibility*' means any condition in which visibility is restricted by fog, mist, falling snow, heavy rainstorms, sandstorms or any other similar causes.

14. Visibility starts to decrease;

- b) What do the Rules state about use of radar? (R. 7b) (2)

The Rules state proper use shall be made of radar equipment if fitted and operational.

- b) What are the ranges of your masthead lights, side lights and sternlights? (R. 22a) (3)

In vessels of 50 metres or more in length:

- a masthead light, 6 miles;
- a sidelight, 3 miles;
- a sternlight, 3 miles;

- d) What signal do you sound and at what interval? (R. 35a) (1)

A power-driven vessel making way through the water shall sound at intervals of not more than 2 minutes one prolonged blast.

- d) How long is a 'prolonged blast'? (R. 32c) (1)

The term 'prolonged blast' means a blast of from four to six seconds' duration.

15. The visibility improves, what do the rules state about keeping a good lookout?(R.5) (3)

Every vessel shall at all times maintain a proper and effective look-out by sight and hearing as well as by all available means appropriate to the prevailing circumstances and conditions so as to make a full appraisal of the situation and of the risk of collision.

Following your training, your lookout reports the German Tanker and 4 others foreign ships conducting RAS and flying operations.

16. Who has priority between the RAS group and the unit launching her helo?
(ATP 1E) (2)

RAS group have priority

**Helo in the Dip,
Vessel engaged in Mineclearance Ops,
Replenishment Group,
Launching/recovering LCVPs,
Vessel engaged in launching/recovering aircraft
Vessel engaged in launching/recovering a towed array.**

Unfortunately for the MASC programme the visibility starts to decrease again and the FOST SWON staff, take this chance to check the blind pilotage organisation.

17. Your port lookout reports:

G

W

G R

- d) What type of vessel is this? (R. 26bi) (1)

A vessel engaged in Trawling

- e) Can you determine, from these lights alone, if the vessel is underway? (R. 26biii) (1)

Yes – the display of sidelights indicates he is making way through the water.

- f) What sound signal should this vessel be making? (R. 35c) (2)

A vessel *Engaged in Fishing* shall, instead of the signals prescribed in paragraphs (a) or (b) of this *Rule*, sound at intervals of not more than 2 minutes three blasts in succession, namely one prolonged followed by two short blasts.

The visibility improves, the XO is on the bridge and he reports a small group of sailing vessels near the breakwater.

17. How do the Rules describe the windward side of a sailing vessel? (R.12b) (1)

The windward side shall be deemed to be the side opposite to that on which the mainsail is carried, or, in the case of a square rigged vessel, the side opposite to that on which the largest fore-and-aft sail is carried.(1)

18. You request a sound sitrep from Longroom in preparation for your BTX when the SCC request an "Emergency Stop" on both shafts. What condition can you now claim?(R.3) (1)

Not are not under command

19. What shapes, if any, will you now show? (R.27) (1)

Two black balls in a vertical line (1)

20. If a Risk of collision existed between you and the sailing vessel, would this change the situation (R.18b) (2)

Yes, the sailing vessel shall keep out of the way of a vessel Not Under Command.

SCC resolved the "Emergency Stop" in both shafts and your XO is content to BTX as soon as possible. Your lookouts report a fastboat north of the breakwater near your BTX Navtrack.

21. What vessels shall not impede the passage of a vessel which can safely navigate only within a Narrow Channel or Fairway?. (3)

A vessel of less than 20m in length or a sailing vessel shall not impeded the passage of another vessel which can safely navigate within a narrow channel or fairway.(1)

A vessel engaged in fishing shall not impede the passage of any other vessel navigating within a narrow channel or fairway.(1/2)

A vessel shall not cross a narrow channel or fairway if such crossing impedes the passage of a vessel which can only navigate within such channel or fairway.(1/2)

You finish your BTX safely and the ship will stay at anchor until next serial with FOST in a couple of days.
